FRESH GROCERIES ALWAYS IN STOCK

## The Red Deer Steam Laundry.

It is a true saying and worthy of all acceptance that "cleanliness is next to Godliness", and the "cleansing" process may be thoroughly carried out in the commodious and well fitted up laundry and bath-rooms erected by Mr. Horace Meeres at the corner of 11th and 12th Sts. opposite the Baptist Church. On Saturday last we had the pleasure of inspecting the machinery and plant which is new and thoroughly up-to-date. The Basement contains two steam boilers and a steam pump also an excellent well with an abundant supply of water.

On the first floor to the right two private bath-rooms with hot and cold water have been installed and supply a long felt want.

The prices are within the reach of all, the charge for single bath being 30 cents, or 4 baths for \$1.00.

The washing-room contains two large cylinder washing machines one single and one double also an extra-actor, this is a circular machine, making 1400 revolutions per minute. After the clothes are washed they are transferred to this machine and on being set in motion the whole of the moisture the clothes contain is extracted. The unstarched articles are next run through a large steam mangle, the rollers of this machine, four in number, travel round a large cylinder filled with steam. The clothing is then transferred to the "Drying Room" this compartment is steel lined and filled with clothes racks and three steam coils. Other smaller machines but none the less interesting are an up-to-date "Bosom Ironer" heated by gas manufactured on the premises, a "body ironer," two starching machines and a neck-band ironer.

The ironing of light and filmy material such as lace curtains and the like is done by hand and for this purpose a "hot stove" is used capable of heating 14 irons at a time. On the second floor accommodation is provided for the staff and here also the water for laundry and bath purposes is stored in two large cisterns with a capacity of 720 gallons each, the one containing hot and the other cold water. The Laundry charges from a perusal of the list appear very reasonable and we trust Mr. Meeres will obtain the support and patronage he deserves for his enterprise.

## Payne-Forbes

A very pretty event was solemnized in the Central Methodist church to-day at high noon when Miss M. H. Forbes, of Calgary, and Mr. W. E. Payne, of Red Deer, were united in marriage.

The ceremony was performed by the Rev. G. W. Korby. The bride was assisted by Miss C. Schultz, while Mr. R. B. Bennett supported the groom. Miss Helen Korby and Miss Gladys Buchanan added charm to the ceremony as flower girls. Mr. West and Mr. Clark acted as ushers.

The bride, tastefully attired in a gown of handsome cream silk entered the church on the arm of Mr. J. A. Palmer, to the strains of Mendelssohn's Wedding March effectively rendered by Miss L. Cushing.

After the ceremony the guests repaired to the parsonage, where luncheon was served.

Among the guests, were noticed Rev. Mr. and Mrs. McDougall, Rev. Mr. and Mrs. Buchanan, Mrs. Langford, Mr. and Mrs. W. G. Hunt, Dr. and Mrs. Anderson, Dr. and Mrs. Crawford, Mr. and Mrs. J. A. Palmer; Mr. and Mrs. W. A. Moore, Mr. and Mrs. S. N. Carscallen; Mr. Best, Mr. G. W. Green, all of Red Deer; Mr. and Mrs. Higgs, Miss McQueen, Miss Wright, the Misses Metcalf the Misses Shepherd, Miss Gibb.

The young ladies who gracefully served the bride's guests were Misses Tweed, Robertson, Whitton, Christie, Sales, Ashe, Mrs. McGregor, Mrs. Snider.

The beauty and taste of the gifts represented many kind thoughts. Toasts were proposed by Mr. Kerby to the bride, responded to by Mr. Payne. Other toasts were proposed and many bright things were said, and at 3.30 the happy couple left for the west on a short honeymoon tour.

The Alberta Methodist Conference set apart on Tuesday evening for the receiving and discussing of the report of their committee on Temperance and moral reform.

The Rev. Mr. Powell and Principal Riddell were appointed to lead in discussion of the report.

The report was read by the Rev. G. G. Webber, of Innisfail and was as follows:—

"We re-affirm our conviction that Prohibition of the sale of Alcoholic liquors as a beverage, is the only proper solution of the evil.

"Further we urge that we make use of the existing laws which restrict this evil.

By means of lectures, sermons, and the use of temperance literature ministers are urged to educate public opinion along the line of temperance and total abstinence from liquor as a beverage.

They are advised also to use the mid-week prayer meeting at least once a month for this purpose.

Christians are urged to take part in municipal or other election to seek to control the choice of candidates for office so as to secure men who will give advanced legislation along the lines of temperance and moral reform.

We call upon the government to enforce the liquor license laws and to appoint as license commissioners and inspectors men of well known temperance principles.

We are opposed to the system of Government Ownership of the liquor traffic, as it makes the people partners in a bad business.

The complaint was made, that the Government and Commissioners seem to think they have a perfect right to grant every application for a license unless temperance people make a noise about it and oppose the application.

The Government note with pleasure that Governor Bulyea and Mrs. Bulyea have not introduced the use of liquor at banquets and receptions held in Government House.

Edmonton city council was commended for refusing to grant a table license to restaurants.—Journal.

A Great Invention. Extraordinary SKIRT VALUES

Mr. Underwood, of Red Willow, the original inventor of the disc plow, has perfected and patented an improved disc plow which is destined to revolutionize farming. This improved plow requires from 4 to 6 horses and turns over 5 ft. at once making 3 acres an easy days work. It is claimed that it does good work at breaking as well as stubble. Mr. Underwood has patented this implement in Canada and now has the patent for sale. It will certainly prove a bonanza for the manufacturer who gets it, as it is a practical implement and will be in great demand. The John Deer Plow Co. purchased the original rights for the United States.

## Aunt Sally's Conscience

By CLAUDE FAMAIRE.  
Copyright, 1916, by Homer Strydom

Never was there a better natured, more conscientious woman than Aunt Sally Warner, relict of John Warner, who departed this life after a fall from the roof of his barn. Aunt Sally had no children of her own, but did have half a dozen nieces and nephews, and among the latter was the rollicking, frolicking Joe Horson, who was twenty years old at the time the great calamity fell upon the house of Warner. Reference is not made to the fall from the roof of the barn, but to a calamity that overtook Aunt Sally's conscience.

One day nephew Joe, whose parents lived five or six miles away, arrived at Aunt Sally's on an errand. She was about to set out for the village of Haysville to do some "trading," and Joe volunteered to go along as driver of old Robin. Aunt Sally had not been over that road for a month, and she was surprised to see circus pictures pasted up on every barn on the route. Since childhood she had had a fondness for circus pictures, and she had been brought up to believe that eternal punishment awaited every one who passed the doors of the circus itself. During his lifetime Joe (Aunt Sally's nephew) had seen a circus, and he had been off to go to the circus, and he had refused to deal with certain men who had accepted from him the sum of five dollars for posting pictures on their barns. As the good aunt and her nephew jogged along the dusty highway and came to barn after barn decked out in gayest colors of printer's ink Joe heard her sighing. He didn't stop to ask himself whether she was sighing over the death of Uncle John or the fact that she couldn't attend a circus promising so much entertainment, but he forthwith proceeded to connect the two. "If a single person could conspire it would have been called a conspiracy as well as a plan. He made no comment on the barn-decked pictures, but he said still and chuckled, and when he wasn't chuckling he was talking about going to Alaska to dig for gold.

When they reached town and found things in a bustle he had to make some explanations. He explained that an exhibition was to be given that afternoon for the benefit of widows and orphans, but he didn't say too much. While Aunt Sally was making her purchases that afternoon she referred to the "exhibition" and called it by some other name if nephew Joe hadn't given him the wink.

When ten yards or less of fifteen of sheeting, three towels, one table cloth and thread, pins and needles had been bought Aunt Sally suddenly remembered something and turned to Joe and said:

"If there is anything going on for the benefit of widows and orphans I ought to be interested in it, and I am a widow myself. Is it a spelling bee or anything of that sort?"

"Oh, no. They have got a tent and a collection of wild animals. It's what you might call a natural history exhibition. Did you ever see a live lion or tiger, Aunt Sally?"

"No, I never did."

"Ever see an elephant or a zebra or giraffe?"

"No."

"Well, you can see them now and help the widows and orphans the same time. It's 50 cents apiece, but I've got the money for my ticket."

"But I shall pay for both of us," replied Aunt Sally as she handed over a dollar. "When I set out to do anything for the benefit of charity I'm not one to scrimp at it. There won't be any gambling or horse racing, will there?"

"No, no. The bills say there will be nothing to offend the most fastidious. Come on."

They had a quarter of a mile to go to reach the tent, and during the walk Aunt Sally was puzzled that so many people should have turned out in the cause of charity. If the tent had been on the gayly painted wagons to arouse suspicion, but she passed into the tent with the innocent air of a child.

It was the menagerie, and nephew Joe guided her around and saw that she missed nothing. It was a real treat to the woman, and she left her nephew growing a bit reckless under the wave of enthusiasm. She ate peanuts and drank lemonade, and after taking another look at the Bengal tiger which had killed seven men and was anxious to finish off seven more as soon as possible she said:

"Joe, this is real nice, and I'm glad you went. What are the folks going into that tent for?"

"Oh, that's part of the show, you know. There are folks who don't care to look at wild animals, and so they have some riding and tumbling in there for them."

"But why can't we see it?"

"We can, and it won't cost a cent more."

They went in and found seats, and the circus performance opened. Here was the guileless Aunt Sally to tell what was a circus? It was her first attendance, and she had never even had a performance described to her. She grinned from the time the clown first appeared, and he in turn grinned at her. She saw a man in a blue and black riding hood—"Oh!" and "Ah!" from her until everybody around her was delighted. She bought lemonade and peanuts, and she was always said that the arguments of my opponents were unsound."

"No, I haven't! I wouldn't go to a circus for a thousand dollars, and you know it."

"You've been to a circus—a regular one with all its wickedness, and how on earth you are ever going to go to a circus for a thousand dollars, and you know it."

"Nephew Joe was called in from the barn and the matter put to him, and he had to acknowledge that he had worked a plot."

"I never would have believed it if you hadn't called Aunt Sally to think that one of my own kin and kind would take me to a circus and make me lose my chance of going to heaven!"

"But the animals interested you."

"Yes, they did."

"And you liked the peanuts and lemonade."

"Ah, but I did!"

"And you thought the clown was funny and the riding good."

"Heaven forgive me, but I did!"

"Why, then, did you let the kids come in. I don't believe you are any wickeder than before."

But Aunt Sally could not be comforted. Her conscience was roused, and she could eat no supper. She thought of the sacred bull of India and wept hot tears. She thought of the two horned rhinoceros and the fact that she couldn't attend a circus promising so much entertainment, but he forthwith proceeded to connect the two.

When they reached town and found things in a bustle he had to make some explanations. He explained that an exhibition was to be given that afternoon for the benefit of widows and orphans, but he didn't say too much. While Aunt Sally was making her purchases that afternoon she referred to the "exhibition" and called it by some other name if nephew Joe hadn't given him the wink.

While Aunt Sally was making her purchases that afternoon she referred to the "exhibition" and called it by some other name if nephew Joe hadn't given him the wink.

When ten yards or less of fifteen of sheeting, three towels, one table cloth and thread, pins and needles had been bought Aunt Sally suddenly remembered something and turned to Joe and said:

"If there is anything going on for the benefit of widows and orphans I ought to be interested in it, and I am a widow myself. Is it a spelling bee or anything of that sort?"

"Oh, no. They have got a tent and a collection of wild animals. It's what you might call a natural history exhibition. Did you ever see a live lion or tiger, Aunt Sally?"

"No, I never did."

"Ever see an elephant or a zebra or giraffe?"

"No."

"Well, you can see them now and help the widows and orphans the same time. It's 50 cents apiece, but I've got the money for my ticket."

"But I shall pay for both of us," replied Aunt Sally as she handed over a dollar. "When I set out to do anything for the benefit of charity I'm not one to scrimp at it. There won't be any gambling or horse racing, will there?"

"No, no. The bills say there will be nothing to offend the most fastidious. Come on."

They had a quarter of a mile to go to reach the tent, and during the walk Aunt Sally was puzzled that so many people should have turned out in the cause of charity. If the tent had been on the gayly painted wagons to arouse suspicion, but she passed into the tent with the innocent air of a child.

It was the menagerie, and nephew Joe guided her around and saw that she missed nothing. It was a real treat to the woman, and she left her nephew growing a bit reckless under the wave of enthusiasm. She ate peanuts and drank lemonade, and after taking another look at the Bengal tiger which had killed seven men and was anxious to finish off seven more as soon as possible she said:

"Joe, this is real nice, and I'm glad you went. What are the folks going into that tent for?"

"Oh, that's part of the show, you know. There are folks who don't care to look at wild animals, and so they have some riding and tumbling in there for them."

"But why can't we see it?"

"We can, and it won't cost a cent more."

They went in and found seats, and the circus performance opened. Here was the guileless Aunt Sally to tell what was a circus? It was her first attendance, and she had never even had a performance described to her. She grinned from the time the clown first appeared, and he in turn grinned at her. She saw a man in a blue and black riding hood—"Oh!" and "Ah!" from her until everybody around her was delighted. She bought lemonade and peanuts, and she was always said that the arguments of my opponents were unsound."

"No, I haven't! I wouldn't go to a circus for a thousand dollars, and you know it."

"You've been to a circus—a regular one with all its wickedness, and how on earth you are ever going to go to a circus for a thousand dollars, and you know it."

"Nephew Joe was called in from the barn and the matter put to him, and he had to acknowledge that he had worked a plot."

"I never would have believed it if you hadn't called Aunt Sally to think that one of my own kin and kind would take me to a circus and make me lose my chance of going to heaven!"

"But the animals interested you."

"Yes, they did."

"And you liked the peanuts and lemonade."

### PUSHING A LAWN MOWER

is good healthy exercise, if it isn't too hard. We can make it easy for you.

### OUR LAWN MOWERS

Are so light and run so easily that you'll be anxious for the grass to grow so you can do some more cutting. That is if you buy one, which of course you will when you learn how little the price is.

Professional Cards \$10.00 per year. It taken by the month \$1.00 per month.

TUESDAY, JUNE 19th, 1906.

#### A COSTLY SPREAD.

We have read of feasts fit for the gods, but in most instances drawn from classic mythology the gods paid the bill. In modern life, however, the practice is different, as for instance the bill now sent in to the council for the cost of the Legislative banquet and which must be paid for by the people's money. The total cost is said to be about \$900 but we have been unable to secure an itemized statement of the cost. There would appear to be a strange reluctance on the part of the Council to have the item appear in print; a spirit of "the least said is soonest mended" is the least said about the matter the better. On the part of some citizens there is a tendency to place the entire responsibility upon the shoulders of the Mayor or Mr. Moore. We do not agree with this view of the case. The mayor is not the only man who arranged for the banquet or the cost of the same, and Mr. Moore is not a member of the Council at all. We elect a council to transact the business of the town, to guard its civic interests, and to expend the public money in a wise and judicious manner.

If money, is in the opinion of the citizens, unwisely or lavishly spent, it is the duty of these citizens to hold their elected civic representatives responsible for such expenditure, and not to complain that some body else, outside the council has charged it up to the town. We think the idea of banquet was a good one and that the council were quite right in preparing for it. But the course of procedure was somewhat hap-hazard. We think that a more business like method would have been this: to have voted a reasonable amount to defray the cost of the Banquet and if any individual chose to give orders beyond this let him pay the additional expenses, the council would be responsible for the sum voted and no more. If the Council stood by and tamely acquiesced when reckless expense was being incurred, which seems to be the case the Council is alone responsible, for as no person else can be called to account for civic expenditure.

#### CHURCH UNION AND THE WEST.

D. Herdman is reported as saying it London, Ont., a few days since that the churches in the west have little sympathy with the proposed union. Unfortunately there is too much evidence that the statement is well founded, so far as it relates to the attitude of the church organizations throughout the west. But it cannot be contended that the average church member in the West is governed by anything resembling a spirit of unkindness toward the members of other denominations or realizes less clearly than his fellow member in eastern Canada the benefits to be derived from a union of Protestant denominations. The western people are frequently and quite correctly referred to as eminently practical, and this spirit will be found not less in their church relationship than in secular affairs. The western church member, whatever the particular creed he holds, is less concerned with convincing men of the correctness of his theology than that society should receive the moral uplift which is the real purpose and mission of all churches. And if this primal purpose can be better secured by an organic union of at least some branches of the churches the western church man will not be found accentuating the points of doctrinal difference to prevent such union. —Edmonton Bulletin.

#### A POLITICAL PRIEST.

In the course of a recent address to the Roman Catholic Bishop of St. Boniface, the Roman Catholics of Wolsely, Sask., "barked his Grace" for his timely instruction as to how they should vote at the Provincial elections held last fall, and in his reply the Archbishop thanked his people for their unanimous response to his instructions, and assured them that it was now, and at all times, their duty to vote under the instructions of their spiritual advisers. Where the spirit represented in this address and reply prevail popular government is a mockery. The theory of popular government is that each elector shall exercise his own individual judgment. Where his political conscience is committed to the keeping of his spiritual adviser we have to that extent not a democracy but a theocracy. Fortunately his Grace of St. Boniface stands very much alone, in Western Canada at least. If all Roman Catholics Bishops adopted his attitude, and had an equally subservient following, the natural effect would be to solidify Protestants in opposition, and the ultimate consequences would be as bad for the Roman Catholic Church as for the country at large. —Farmer's Sun.

#### INNISFAIL SENSATIONS.

The peace and quietness of the town has been disturbed quite a little during the last few days. The sensation of the hour if Innisfail can rise to a sensation the departure of S. P. Fream for his trip to the old country. Every body is glad and they unite in their congratulations to Fream upon the legacy which has recently come to him, and it is certain that Innisfail owes more to S. P. Fream than some people realize.

The mayor will be leaving for Vancouver within a few weeks and his erstwhile partner F. M. Rogers is expected to visit England for the first time for 17 yrs. before the year is very much older. —Herald.

#### EDITORIAL NOTES.

The evidence given in connection with the immigration service in England shows an unfortunate state of affairs. Secretary Griffith of the High Commissioner's office appears to have been spying upon and intriguing against W. T. R. Preston; Preston seems to have been covertly aiding in the sending of mechanics to this country in direct opposition to the policy of the Government, while his family and other connection with the secret North Atlantic Trading Co. was altogether inconsistent with his position as a public official.

The whole lot should be dismissed and a new staff organized the members of which will work together and be satisfied with the official salary and allowance provided. —Farmer's Sun.

The mileage of railways in all Canada for the year ending June 30, 1904, is given by the Canadian Year Book at a little less than 20,000 miles. According to a special correspondent of the Globe there will be built in the West alone this year 5,000 miles more involving an expenditure of at least \$100,000,000. Almost before we realize it our present railway mileage will be doubled. —Farmer's Sun.

Beyond a guarantee of one hundred dollars to assist the Sports Committee in case of a rainy day on July 2nd, the council has, we understand, donated nothing to the celebration.

The Chicago packers are going to start business in Canada. This should start a boom in our carbolic acid and chloride of lime industries.

"Wot a heavenly mornin' Bill's!"

Let's go out an' kill a Jew! Is the Russian Cockney's version of the Whitechapel suggestion. —Tribune.

The outworn isn't much to look at, but he does things.

### Railway News.

Permission for the first railway to be built in the Klondyke was recently granted by the Railway Commission, the road to run eighty miles from Dawson City. It is expected that 30 miles of the road will be in operation within six months.

The contracts which have been awarded by the Grand Trunk Pacific Railway Company, with the names and addresses of the contractors, are as follows:—

Prairie Sections  
Portage la Prairie to Touchwood Hills, 275 miles; the McDonald, McMillan Company, Winnipeg, Manitoba.

Touchwood Hills to Saskatoon, 140 miles; the McDonald, McMillan Company, Winnipeg, Manitoba.

Saskatoon to Edmonton, 327 miles Foley Bros., Larson & Co., North Battleford, Sask. Lake Superior Branch:

Port William to Lake Superior Junction, 200 miles; Foley Bros. Larson & Co., Kenora, Ont.

It was announced that during May by the president of the Great Northern Railway Company that the company would commence the construction of a line from Winnipeg to the Pacific Coast as soon as the Grand Trunk Pacific and the Canadian Pacific Railway Companies were in a position to compete for the carrying of supplies and construction material, this freight to be ready for the first Grand Trunk Pacific trains.

The line, it was stated, would be completed from the Pacific Coast through the Rocky Mountains to the prairies by the autumn of 1907.—Labor Gazette.

### Rosedale.

On looking over the Advocate last week we notice in the Coal Banks news. "Where we deeply sympathize with the Rosedale people in the trouble they are having among themselves. Now probably a little explanation would benefit a few of the ratepayers, as well as a few out siders; as regards the school question.

At the first school meeting on 24th Feb. all the ratepayers at present were in favor of having a school but on account of the notice not being out long enough the meeting was not legal.

Then on the 29th March when the next meeting called 9 were against a school and 10 for it.

And a few days after that meeting those who voted against a district sent in a petition to have one mile out off the east side which they were perfectly justified in doing; as every ratepayer has a right to his opinion; but on receiving an answer from the Department of Education the Chairman of the petitioners should have compared his letter with the committee's correspondence.

Now it is plain that the chairman of petitioners is not very well posted on the forming of school districts as all plans that are sent out by the Department are five miles square. Which fact he should have known.

The C. P. R. Surveyors have arrived at last crossing the narrows of Stinken lake taking a north easterly direction across sec. 27 and 28 then north from there.

We are led to believe that the road work done on the road near the dug out is to be abandoned and a road to be brought around the sloughs considerable money sunk there for nothing.

Mr. W. Jameson is working on the roads this week.

Land seeker and speculators are plentiful through hereat present.

F. C. Coyne has arrived home from the drive of the great west lumber.

Mr. W. Card of Red Deer was the guest of his Uncle Mr. M. Card last week.

We again call the attention of our readers to the Competition in fields of outstanding grain as described in an "ad" appearing in the June 12th issue of the News. 1st prize \$50-2nd, \$30-3rd \$20. Entries must be made to the Secretary before July 1st.

### Pine Lake.

The return match, Lake v Country was played on Friday the 15th and resulted in a draw.

The Lake batting first on a good wicket score over a hundred. The country bowling was unmercifully treated by Messrs. Greaves, Pope and Willis, but the best cricket of the day was shown by W. R. Charley, who batted in faultless style for his news. The country fully intended to double their opponents score but owing to the rain they had to be content with a moral victory.

The concert which followed was an unequalled success, as it was bound to be in the hands of Mr. Davis and his assistants. Every item of an attractive programme was rendered in such a way as to make criticism impossible and by the time "Box" and "Cox" was reached the house was in its most expansive mood.

The domestic troubles of these two gentlemen and their charming landlady were followed with breathless interest by gods and dress circle alike, and the applause at the end showed how thoroughly their efforts were appreciated.

It is believed that the Cricket Club will benefit substantially as a result of the concert, and compliments have been freely showered on Mr. Davis. He has whetted our appetites and we are all looking forward to the next course.

### Wolf Raising.

There is a rumor to the effect that some Indians in the northern Ontario are raising wolves for the sake of the bounty of \$15 for the scalp of every wolf. The game wardens have been instructed to keep a sharp look out for this kind of thing.

### Drowning Accident.

A sad drowning accident in the Red Deer river has just been reported.

Mrs. Bond Mrs. Michael Lamarche and daughter, all of Solheim attempted to cross the river near Penhold station when the wagon box was lifted by the current and all were thrown into the river.

Mrs. Bond succeeded in regaining the wagon box and bravely recovered Mrs. Lamarche but she was dead, the child also was drowned.

A sorrowing husband and eight children survive.

### June Weddings.

Canon Greene officiated at two weddings at the Cathedral of the Redeemer, Calgary, on Thursday. The first wedding celebrated was that of Mr. Ralph Griffin, foreman of the News printing room, Red Deer, to Miss Ada Rickett, of London, Eng. Mr. and Mrs. Griffin will reside in Red Deer.

In the afternoon Robt. H. Spires also of Red Deer, was married to Miss Alice Austen, of Northampton, England.

### Pooley — Tait

A large assembly witnessed at St Luke's church Thursday, June 21st, the marriage of Miss Jessie Tait to Mr. Charles Edward Pooley. The church was beautifully decorated with palms and cut flowers. At 4 o'clock p. m. the Rev. Canon Hinchcliffe took his place before the altar. Then followed the bridegroom supported by Mr. Wilfred Patterson.

As the congregation rose to their feet and sang, "Oh welcome is the call," the bride entered on the arm of her father. She was followed by the two maids of honor, her sisters Elsie and Isla, and her little sister Madge as flower-girl.

The bride looked charming in ecru over white silk accompanied by the regulation veil and orange blossoms. The gown was made princess style with a court train. The only jewelry worn was a pearl pendant, a gift of the groom's mother. The bridesmaid looked dainty in pretty white dresses with lingerie hats. The beauty of the marriage service was enhanced by the singing of the full surpliced choir. The bridal party left the church to the strains of the wedding march rendered by Mr. Taylor. After the ceremony the guests repaired to the home of the bride's mother where high tea was served. The presents were numerous and costly testifying to the high esteem in which the bride was held. The groom's present to the bride was a handsome piano. The bride's going away gown was royal blue silk. The happy couple left on the evening train for Edmonton amid a shower of rice and the hearty good wishes of all.

Your earning powers are reduced by anything short of perfect sight. We make sight perfect.

**H. H. GAETZ**  
OPTICIAN.

FOR SALE—At John McVicar's Book Store China ware, hammocks, flags, base balls and foot balls. Issuer of marriage licences.

Mr. Youmans, the census enumerator for the town, is now performing his work, if every household would have its facts ready exactly as it was on June 24th.

Mr. E. Graves of Thamesville, Ont., has purchased a number of lots in Parkvale and will build several residences there during the summer. He will start operations at once.

Rev. G. S. Wood has been stationed at Springvale by the Methodist Conference. Last year Mr. Wood was stationed at High River. Mr. Rogers goes to Milnerston.

For Dominion Day, July 2nd, the Canadian Pacific Railway announce a rate of fare and one-third between all stations, Port Arthur to Vancouver. Tickets on sale June 29 to July 2nd, good to return until July 4.

On July 4th, Wednesday a basket picnic will be held near the residence of Mr. J. Northey, on the river bottom at what is known as the Mackenzie bottom. A hearty invitation is being extended by the Balmoral people who are arranging for the picnic.

Canon Hinchcliffe was appointed a member of the committee on Religious education at the Synod. He was also formally thanked for his excellent sermon at the opening service. Next year the Synod will meet at Lethbridge.

W. T. Bowhey has decided to sell off his cattle, 40 head, by Auction Sale, which are located 3 miles S. W. of Content near Great Bend Schoolhouse at A. B. Chapmans. He invites everybody who can make it convenient to be at the sale as there will be a number of good bargains. See his 'ad' on back page.

On Friday afternoon, a well attended picnic was held near the Clearview school. After a substantial lunch had been done ample justice to, foot races, football etc. were indulged in. The people next proceeded to the school-room where a well conducted programme was rendered to the credit alike of the pupils and of the teacher, Miss McLellan.

Mr. F. A. Acland, Staff Correspondent of the Toronto Globe gave us a call Thursday morning. Mr. Acland is touring the west in order to secure data for a number of interesting letters in regard to the growth and expansion of the two new provinces. He was much pleased with the great advancement of Red Deer since his last visit. Mr. Acland met many

of the leading men of the town, securing much valuable statistical information from the Dominion Land Office. He also obtained a Red Deer descriptive pamphlet.

### The Delineator for July.

The midsummer fashions are attractively portrayed in "The Delineator" for July. Helen Berkeley-Loyd tells how the Summer girl will be frocked and furbelowed, and the dress of Paris is discussed by M. Edouard La Fontaine, one of the best known critics in Paris. In the literary section the most notable feature is the opening chapters of "The Chauffeur and the Chaperon," a new story by C. N. and A. M. Williamson, authors of "The Lightning Conductor." The story, which deals with a group of interesting people cruising in a motor boat over the quaint waterways of Holland, promises to be the brightest and cleverest novel that these renowned writers have yet produced. Mrs. Mary Hinman Abel contributes a chapter on "Flies and Food" in "The Delineator's Campaign for Safe Foods," and Clara E. Laughlin opens a series of "Stories of Painters' Lives," with "Millet—the Peasant Painter." Burton E. Stevenson has the second part of the tale "The Rose of Sharon," and there is a short story entitled "The Baby," by Zona Gale. "The President of Quex," Helen M. Winslow's entertaining child story, is concluded. For the children, there are stories and Pastimes, among them the first of the series of "Tales of the Mountain Giants" and a clean story by Edmund Vance Cook, "Down the King's Chimney." For the housewife there are many articles of timely interest, including Novelties for Summer Feasts, Strawberry Favorites and New Vegetables Cleverly Served.

### Alberta College Annual Report.

The Board of Alberta College held its annual meeting on Saturday afternoon last. There was a good representation of the members present and from every standpoint the meeting was one of the most enthusiastic and optimistic in the life of the college. The Faculty's report to the Board showed an enrollment for the entire year in all departments of 313 students. This number does not include those persons who for a part of the year took lessons in the College in mandoline or guitar. As this branch of study ceased to be a part of the college work its students were not counted in the roll.

The treasurer's report was most encouraging, which, in brief, showed that the present addition was built and such an amount of money raised as not only provided for the cost of the new wing but left the Board \$1200 better off than it was a year ago.

The bursar's report showed that from the current account alone over \$24,000 was expended in Edmonton during the year. The current account showed a small balance on the right side of the sheet.

Several changes will take place in the staff. The Board accepted with regret the resignation of Mr. W. V. Newson, B.A., M.Sc., and instructed the secretary to give Mr. Newson the best letter of recommendation he could frame. As a mark of their respect for his zeal and devotion the Board unanimously granted him a bonus on his salary. It is the intention to appoint a new teacher in Moderns, two in the commercial work and one or two in musical work. The Board is on the lookout for a strong young man to take the place of Miss Webster, who is going abroad to study. The selection of these members of the staff was left to the executive committee.

A hearty vote of thanks was tendered to the Lieutenant-Governor of Alberta for the scholarship donated by him to the College.—Bulletin.

### Boy Wanted.

To drive delivery. Apply  
DOMINION MEAT CO.  
Red Deer.

### Rod and Gun.

With midsummer heat, people's thoughts are turning to vacations, and they are seeking to escape from the man made cities to the delightful haunts of nature, and the simple, free and untrammelled life of the God-made country. Again Rod and Gun and Motor Sports in Canada, published by W. J. Taylor, at Woodstock, Ont. is prepared to give them just the information they seek.

From the east to the west, places within easy access of civilization, and those remote from the throbbing life of cities, seaside, backwoods and mountain resorts, all receive notice; while sportsmen of every kind find some fare dealing with their own particular field. Hunting and fishing remain, as ever, the special strength of the Magazine.

The numerous attractions presented by Canada to the sportsmen and tourists of the world are becoming more widely known each month through the pages of Canada's premier Sportsmen's Magazine.

### METHODIST CONFERENCE.

Red Deer—A. C. Farrell, B.A., Leo. Gaetz, superannuated; E. Michener, superannuated; R. O. Jolliffe, B.A. Missionary to China.

Sausage, Potted Ham,  
Game, Turkey,  
Chicken, &c.

**HILL & HORN,**  
GENERAL MERCHANTS  
RED DEER.

## Dairying As a Business.

It is no exaggeration to say that Dairying in this country is one of the most profitable branches of Live Stock Husbandry. Probably, all things considered, one year with another, it is the most profitable branch of Agriculture, as there is little, if any, chance work about it, as has been proven to be the case with Beef, Wheat or other branches. So why not get at the most profitable branch of your business and milk Cows. It can be made still more profitable by using a Separator that will get all the cream from the milk. The most successful Dairymen use the De Laval and get all the butter fat. These Machines are easy to operate, easy to clean, and very enduring.

We sell them at a very reasonable price and on easy terms of payment; So WHY BE WITHOUT A SEPARATOR?

We have our Blacksmith Shop running full blast now and are prepared to do any kind of Blacksmithing and Horseshoeing. GIVE US A CALL.

## SPRINGBETT & BOWHEY.

wanted; Eagle Lake, one wanted (J.K.S.) Mayton one wanted (J. E. H.) Pine Creek, one wanted; Didsbury, one wanted (J.C. Ar.)

J. Ezra Howson, J. K. Smith W. E. James B. A. Victoria College; J. C. Anderson B.A. J. N. Wilkinson, R. S. Longly, Wesley College.

A. C. Farrell, Chairman; G. G. Webber, Fin. Sec.

### Robbers Ask For New Trial.

Before Mr. Justice Irving this morning, A. D. MacIntyre, who appeared for the train robbers at the recent trial at Kamloops, ap-

plied for a new trial.

The grounds advanced were that the crown counsel in addressing the jury had made a comment on the fact that Superintendent Hussey, of the provincial police had not given certain evidence.

The comment of counsel was therefore unfair.

Mr. MacIntyre also stated that when on the first trial proved about the prisoners were not re-arrested and asked to plead.

This was another irregular proceeding.

The judge overruled both of these pleadings.

It is probable that the appeal will be taken to the full court.

### Through Saskatoon.

There will absolutely be no swiveling of the C. P. R. line from its direct route through Saskatoon to Wetaskiwin. This was the emphatic statement made by John N. Logan, Right-of-Way man for the C. P. R. when seen by a Phoenix representative.

### Carpenters on Strike

PORT ARTHUR—All union carpenters went out on strike demanding a scale of thirty-five cents an hour. All carpenter work is practically suspended pending the acceptance by the employers of the scale and the recognition of the union.

## Cream Separators.

**\$15.00 CASH**

Takes a Baby De Laval Separator.

This machine was traded in on a "Melotte" Separator. We allowed \$15.00 for this machine and we are prepared to sell at what it cost us. Melotte superiority is easily proven; the fact that we are offered several different makes in exchange is proof positive. The "Melotte" is sold absolutely on its merits; it SKIMS CLEANEST, TURNS EASIEST, LASTS LONGEST; therefore the cheapest.

For the next two weeks we are offering GANG PLOWS at greatly reduced prices, in order to get the Gang Plow trade started. We have sold 22 Sulky Plows this spring, which is proof that the wheel plows are fast taking the place of the walking plows. Some of these Sulky Plows are breaking land that cost \$4.00 per acre to brush it. Seeing is believing. Give us a call.

**Latimer & Botterill,**

Red Deer and Calgary.
